No New M4! - The Big CALM Protest on Tuesday 23rd September

The day after the Assembly re-opens after the summer break, CALM will be holding a protest on the steps of the Senedd, Cardiff Bay from 12.00 noon until 1pm

This is our chance to tell the Government that **enough is enough**, and that these damaging plans need to be axed, **now**.

This is your chance to tell your elected representatives that you don't want your money spent on destroying our natural heritage and the atmosphere.

Join us in opposing this environmentally devastating scheme!

**Please pledge to attend our protest event -
(see the next page for how to get there)**

If you also want to write to your Assembly Member, go to the 'Take Action' page on the CALM Website: www.savethelevels.org.uk where you will get help finding who your AM is, as well as a template letter to send.
